AS REAL AS IT GETS...

PRISim® InstalledTrainer™ PRO is a full-featured judgment evaluation and force options training system. By design, it creates a safe, effective and realistic learning environment for law enforcement, military and security professionals.

The PRISim® system delivers all the hard realities of a real operational encounter. The judgment calls, indecision, sudden fear, partial understanding, blind side surprise and eye-blink response are all part of the training experience that conditions the trainee for survival.

PRISim® is a safe training tool that promotes positive learning and skills that
