- Marksmanship
 - Judgment training
 - Tactics
 - Multi student

Fully pistol and rifle ready

Meets OSHA, NIOSH and EPA regulations

Simple

Procurement

AIS present QuickRange™. This is a complete, full service, prefabricated shooting range that can be delivered to your location ready to use within 180 days.

QuickRange™ eliminates the problems associated with building a traditional shooting range (design, construction, installation, etc.). Each QuickRange™ is a complete, self-contained, two-lane shooting range in a bulletproof container, complete with shooting stalls, target-retrieval system, bullet traps, lighting and HVAC system.

QuickRange™ is available in lengths ranging from 12m to 35m and is customizable for specific end user requirement.

MODULAR LIVE FIRE QUICKRANGE™

QuickRange™ with live fire PRISim®

TRAINING ON YOUR TERMS

QuickRange™ is PRISim® ready, allowing live fire simulation to be included at the time of purchase or added later. QuickRange™ provides the capability to shoot live fire in either static or tactical configurations. The modular design is carefully engineered to ensure its of the highest quality and provides 100% ballistic containment. It can be customised to the user's needs, from 2 to 24 shooting lanes and in lengths from 10m to 50m or more.
